presents

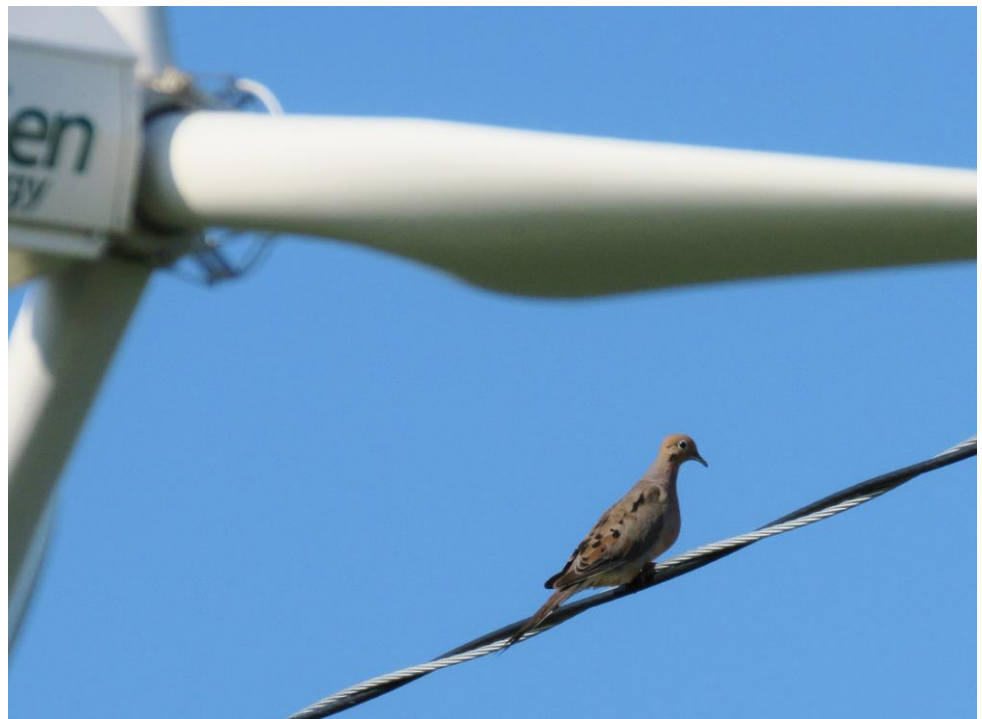

## Mark Shieldcastle

Research Director for the Black Swamp Bird Observatory

### *Wind Energy and Birds – Can They Coexist?\**

Mark Shieldcastle leads research on passerines, raptors, shorebirds, rails, and bird / wind power issues.

This presentation will discuss the interaction of birds and wind power and the hidden inconvenient truths. **This program is free and open to the public.**

\* Co-sponsored with Black Swamp Bird Observatory and Johnny Appleseed Metropolitan Park District

**Tuesday, September 4, 2018, 7:30 pm**

**Visitor and Student Services Center  
3900 Campus Drive  
The Ohio State University at Lima**
